

Sportsfield Specialties, Inc. strongly recommends the removal of all nets prior to exposure to winter weather, including snow and/or ice storms. Whenever possible, the nets should also be lowered prior to any extreme wind events. Removal/Lowering of the nets will mitigate any unforeseen damage to the poles, nets and/or attachment hardware. Storing nets in a dry, pest free location will help extend the life of the nets. Sportsfield Specialties, Inc. will not be held liable or assume responsibility for any damage to the nets, poles and/or corresponding attachment hardware if the nets are not removed/lowered prior to the above described wind and/or weather events.

Part No.	Description	# of Poles
STNSIL	Soft Toss Netting System, In-Line	Variable
STNS3	Soft Toss Netting System, Standalone Triangle, 3 Hitting Stations	3
STNS4	Soft Toss Netting System, Standalone Quad, 4 Hitting Stations	4
