

Standard Part Numbers:
 BSS28PT - 8' Portable System
 BSS210PT - 10' Portable System
 BSSPTWK - Transport Wheel Kit

Standard Black Powder Coated Finish

Sportsfield Specialties strongly recommends the removal of all nets prior to exposure to winter weather, including snow and/or ice storms. The nets should also be removed prior to any extreme wind events whenever possible. Removal will prevent pole damage in the above scenarios, and mitigate any unforeseen damage to the net itself. Store all nets in a dry, pest free location.
